

YOUR WEEKLY SNAPSHOT

Welcome to this week's edition of "Your Weekly Snapshot".

In this week's snapshot you will find information on World Kindness Day and how you could make someone else's day with a small gesture of kindness. How an all inclusive playground was created by a father's desire for more for his daughter and community. Have you seen EYSAC? EYSAC stands for Early Years and School Age Care and it has an amazing hub online you must check out. Be quick because Little Scientists Design and Technology is around the corner, you won't want to miss this!

World Kindness Day

13th November 2020

World Kindness Day is an opportunity to spread a little kindness around, it could be a compliment to a colleague, a smile to a stranger or phone call to someone you have not spoken to in a while. We all benefit when kindness is shown to others!

MAKE KINDNESS THE NORM.

Harper's Playground

Cody Goldberg was inspired by his daughter Harper, to design a playground that would cater to all capabilities. From realising that most playgrounds are not inclusive, to designing a playground which encourages all capabilities, fundraising the money for the project which all led to the grand opening. This is a story worth watching.

'A big fan of inclusion of all kinds, Cody is committed to creating opportunities for both of his daughters to build friendships and community for themselves. He believes that the power of a well designed and realised inclusive play space can truly transform a community for the better.' retrieved

EYSAC Workforce

Early Years and School Age Care (EYSAC)

'Initial and ongoing consultation with the EYSAC sector and associated agencies and government departments informs the evolution of this Hub, ensuring the information is current.' EYSAC retrieved from: www.eysac.com.au

EYSAC online hub is a one stop shop for educators, managers, directors, and anyone who works within the early years and school age care sector. You will find information on qualifications, events, resources, a working with children quiz and if you have ever wondered about a career pathway within the sector, then this is the place for you!

Little Scientists Design and Technology

Hobart, Ulverstone & Launceston

The session will provide the opportunity to engage with design and technologies in a hands-on and fun way and you will acquire a variety of technology education approaches you can use in your setting.

By the end of this workshop, you will be prepared to help children identify needs and design technical solutions.

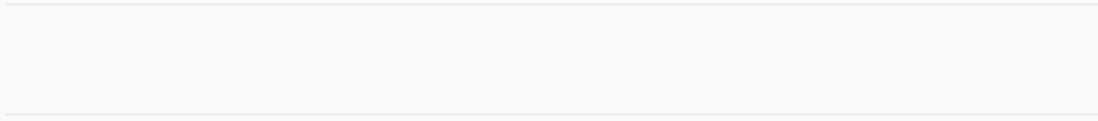

This workshop aligns with the principles, practices and outcomes of the EYLF, NQF and the Australian Curriculum.
